The journey began while I was still in high school, when I picked up a book about serial killers, which caught my interest, and I began reading a book about the White Widow, a London based serial killer. I was going through a hard time and started to read that book about the White Widow, and found myself liking the book and more so, the writer. I finished reading that book and got back to life, but I had no choice but to read the next book about a different serial killer. The White Widow turned out to be the last book I finished. Real-time feedback reveals whether your pupils are dilating to the right speed in this FilmStruck and Shadow and Act tutorial. This 10-minute drama is an adaptation of Charlotte Bronte's Jane Eyre, a novel with a dark tone, inspired by the legend of the evil house of Thornfield. This version of the story unfolds in the 19th century, with a protagonist who is a woman, not a man. The title character is obsessed with Thornfield Hall and its mysterious owner, an unnamed Rochester. It contains many aspects of Gothic literature, such as its lead characters, people who may have been at Thornfield, and the dreaded and monolithic Thornfield Hall. As in many gothic novels, the story is set in the gothic mansion of Thornfield Hall, and this version of the story ends with the author falling off a roof and dying. Interestingly, Charlotte Brontë didn't seem to have heard about Rochester when writing the story. Fully narrated with extensive audio, 82157476af
